

We are Amplifon, the global leader in the hearing care retail industry, in Germany we operate with the Amplifon brand and together we make more possible every day. We change more lives. We work on more innovative projects and make sure everyone gets the best care possible. Our passionate teams use their talent and experience to help our customers rediscover all the emotions of sound.

Are you highly motivated and ready to take over responsibility in our company? Then we would like to get to know you!

We are looking for you to join our team at the Head Office in Hamburg as

Finance Manager General Ledger (m/f/d)

Your tasks:

- Preparation and quality assurance of monthly, quarterly and annual financial statements according to IFRS and HGB, including group reporting to the parent company in Italy
- Valuation and calculation of balance sheet items according to IFRS (especially IFRS 15 and 16) and HGB
- Implementation and further development of the Group accounting guidelines
- Support the introduction of our new ERP system Oracle Cloud
- Proactive improvement of internal processes and structures in accounting
- Contact for auditors and tax consultants

Your profile:

- You have successfully completed studies with focus on accounting and taxes
- You have at least three years of relevant work experience in a group or with an audit/tax consultancy firm
- You have an excellent knowledge of international accounting (IFRS) and commercial and tax law as well as a strong understanding of the core processes in financial accounting (GL, AR, AP, Treasury)
- You are thinking in a structured way and have strong analytical as well as conceptual skills
- You work in a proactive way with "Hands-On" mentality and a strong sense of responsibility
- You can confidently use MS-Office, in particular Excel and knowledge in handling Oracle and HFM can be advantageous
- You speak German and English fluently (both written and spoken)

What we'll offer:

- A position in an international company with flat hierarchies and German as main communication language
- A performance-enhancing and dynamic corporate culture in which personal contribution is most important
- A working atmosphere that allows you to shape our growing company and to take over responsibility from day one
- Collaboration in a dynamic and highly motivated team as well as close cooperation with our international colleagues
- Individual career planning, customized trainings, a comprehensive onboarding program, a versatile e-learning program as well as interesting development opportunities (national and international)
- An attractive compensation package and additional benefits including company pension plans and childcare as well as an unlimited employment contract
- 30 days of vacation, flexible working hours and smart home office arrangements
